BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 15-6-301, MCA, is amended to read:

(c) terminate participation based ~~upon~~ on death or loss of status as a qualified veteran or veteran's spouse.

(a) is the owner and occupant of the house;

(b) is unmarried; and

(c) has obtained from the U.S. department of veterans affairs a letter indicating that the veteran was rated ~~100%~~ 80% disabled or higher or was paid at the ~~100%~~ 80% disabled rate or higher by the U.S. department of veterans affairs for a service-connected disability at the time of death or that the veteran died while on active duty or as a result of a service-connected disability.

(5) The qualifying income levels contained in subsections (2) and (3) must be adjusted annually by

using the PCE inflation factor defined in 15-6-301, rounded to the nearest whole dollar amount. If the adjustment results in a decrease in qualifying income levels from the previous year, the qualifying income levels must remain the same for that year."

Mr. Chairman, members of the committee, Im Randy Brodehl, Flathead County Commissioner, and former Representative from House District 9. Im asking for your support for HB 481 as a way to return local control to local government. In 1999, the legislature passed the now famous Big Bill, HB 124. Local governments lost their ability to collect 116 millon in tax revenue in one year, and that loss has continued to grow every year, because, unlike state government where you set the budget, local governments can only adjust taxes by one half of the rate of inflation. It doesnt take a mathematician to see the impacts on law enforcement, county roads, and schools. This change by the legislature appointing you as the big brother to local government, making local government take the heat while the legislature takes the credit for reducing property taxes. HB 481 returns local control to local government, and the people they serve. I urge a yes vote on HB 481.

This bill would set back projects currently underway that create affordable housing and missing middle housing. As proposed would essentially hobble the TIF districts throughout the State rending them both ineffective. Not every project can qualify for LIHTC so projects that are in pursuit of providing affordable & attainable housing rely on TIF districts to create this much needed resource for the communities throughout the State.
